

Close Combat: The Corps - An Immersive Simulation Experience into Marine Combat

Close Combat: The Corps is a tactical squad-based combat simulation game developed by Destineer Studios and published by Strategy First in 2005. It is the ninth installment in the Close Combat series and the first to focus exclusively on the United States Marine Corps. The game was praised for its realism, attention to detail, and challenging gameplay.

Close Combat: The Corps is a turn-based strategy game in which the player takes control of a squad of Marines and must complete a variety of missions. The game features a variety of weapons and equipment that can be used to outfit the Marines, and the player must carefully manage their resources and tactics to succeed.

The game's missions are based on real-world events, and the player must often make difficult decisions that will affect the outcome of the battle. The game also features a dynamic weather system that can affect the gameplay.
