The Rose Series was established in 1959, and since then, it has published over 100 books on a wide range of sociological topics, including social theory, social research, social policy, and social stratification. The books in the series are written by leading scholars in the field, and they are known for their high quality and rigor.

The Rose Series is a valuable resource for sociologists and other social scientists. The books in the series provide up-to-date information on the latest research and theory in sociology, and they offer insights into the most pressing social issues of our time.

**Some of the most notable books in the Rose Series include:**

- *The Structure of Social Action* by Talcott Parsons - *The Protestant Ethic and the Spirit of Capitalism* by Max Weber - *The Presentation of Self in Everyday Life* by Erving Goffman - *The Social Construction of Reality* by Peter L. Berger and Thomas Luckmann - *The Division of Labor in Society* by Émile Durkheim

These books have had a profound impact on the development of sociology, and they continue to be essential reading for students and scholars in the field.

The American Sociological Association's Rose Series is a valuable resource for anyone who wants to learn more about sociology. The books in the series provide in-depth and comprehensive coverage of key topics in the field, and they are written by leading scholars in the field.
