As the days grow shorter and the nights grow long, the sounds of winter begin to fill the air. The crackling of a fire, the whisper of wind through the trees, and the soft tinkling of bells all contribute to the unique sonic landscape of this magical time of year. But amidst these sounds, there is one that stands out above all others: the haunting melody of a traditional Bulgarian Christmas carol.

Bulgarian Christmas carols, known as *koledy*, are an integral part of the country's rich folk tradition. For centuries, these songs have been passed down from generation to generation, carrying with them the stories and beliefs of the Bulgarian people.
